HENRY C. CLUBB, Box No. 739 Post-Office, New-York Ladies' Buzaar and Employment Society.—This Society has been much injured and retarded in its progress by the continued canvassing and large amounts collected by the so-called American Ladies' Orphan Association. They were ever before as, saking for large donations, while we only ask for a few shillings, knowing that the benevolent are constantly importuned for charities. This Society is to be a solf-supporting one, and to live by its own labors when once established. We have collected \$75 over expenses, and we propose collecting \$40 more, and then getting up two or three Concerts, to be given at the Tabermacle. We expect these will be well patronized, partly on account of the good object for which they are given, and parily for their own merits, for we intend they shall be first-class Concerts, to come off in February.

MRS. CAROLINE LEE HENTZ.-We have MRS. CAROLINE LEE HENTZ.—We have in press and will publish on the 26th of February one of the most brilliant and fascinating works which has ever been published in this country. It is from the gifted and elegant pen of one of America's choicest writers—Mrs. CAROLINE LEE HENTZ—a lady who needs no flourish of trumpets to herald her fame, for she has established a world-wide reputation years agong. We may say, however, that in this new work she has not only sustained her previous high reputation, but she has achieved a victory and reached a literary stand-point far in advance of any of her previous efforts. So say all who have examined the manuscript, and we doubt not that this will be the verdict of the critics when the book shall appear. No book has yet appeared which furnishes so correct a portraiture of the character of Napoleon. He was in almost daily communication with his brother Joseph, from his first appointment as the General of Brigade, down to the 16th of June, 1815.

We cannot form a correct idea of the character of the great mind that wasyad over nearly the whole Continent of Europe, without reading these Letters, which, unlike official correspondence, open to us the immost thoughts and motives of action of the writer. These letters bear upon every subject, and we see with what a watchful eye he cared for even the smallest thing. A distinguished critic has observed in examining the early sheets, that "Biographers will have to write their biographies of Napoleon over again."

R O S E C L A R K

A few weeks only have elapsed since the publication of this book, and yet our sales already exceed 25,000 copies. No work of fiction published in America during the last year has attained such success. Does not this prove the power and popularity of Fenny Fern!

Of the many paners which have

we find its true mission, the recording of deeds of mercy and triumph of love. The disarise in which the lady came before the pohile, the picturing of the darker scenes of her own, and the discordant jars of her own family, we are glad to see is castle, and the heart—the pure, warn, earnest heart of a genuine woman—bursts forth in irresistible strains of heavenly melow. Rose Clark will live when Ruth Hall is foracten, in fresh verdure; for its purity of tone, elegance of diction, originality of thought, vigor of style, must preserve it as one of the best stories of our time, and worthy perusal again and again."

"It has every element of earnestness, power and satire, that she has ever evinced. A more decided picture is seldom to be seen. It portrays the miseries andoppressions of a young charity orphan, so as to bring out in frightful reliefs the world's uncharitableness, and the deformity of hypocrisy and fashion. It is in tense in feeling, severely heautiful in style, with not a waste word or an overdrawn line, and pregnant with a wise lesson."

The notoriety of Fanny Fern is by no means of a temporary or evanescent character. It is founded on a firm and durable hasis, and will exist sel long as the style of Literature which gave it birth is popular in this country. Fanny has talents of a rare order; some of her stray walfs, set adoat through the medium of her new spajer contributions, were really exquisite—they must have been so, else they would never have been received with such a furor of approbation from all lovers of the beautiful in order; some of her stray waits, set aftest through the meatum of her newsysper contributions, were really exquisite—they must have been so, else they would never have been received with such a furor of aperobation from all lovers of the beautiful it literature. Her Ruth Hall, although, from its personal character, it made for its authoress many enemies, was still as upendous work in its way. But her Rose Clark' exceeds by fail her previous works. It is to them the master-piece of thinked arist, as compared with the charcoal sketches of the school-how smatter. t vol., 12mo. Price, \$1 25. Published by MASON BROTHERS, New York.

If you are troubled with dyspepsia, heart-ache, misanthropy, hypochoddria; if you are haunted with the hallscianthous that you are a poet, or remarkably fine writer, and are dying with charrin that your claims upon the public eye and ex have been stupibly ignored by the blunt-minded fraternity of the pastepot and scisors, get this book, and if it does not restore you, YOUR CASE MUST BE HOPELESS, INDEED.
